

PERFORMANCE DRIVEN

➤ **STEEL 7'6", 8'2", 9'2"**
POLY 8'2", 9'2"

The BOSS XT is built to perform with innovated flared blade wings and an enhanced curl design that throws snow higher and farther than conventional plows. The superslick polyethylene surface of the Poly XT keeps snow from sticking. The durable steel feature a baked-on powder-coat paint finish with exclusive zinc primer to resist corrosion and outlast the elements. The BOSS XT is just another innovation helping you to RESTORE ORDER.

STANDARD FEATURES:

- **Full Moldboard Trip Design** helps to prevent plow damage when an obstacle is encountered.
- **SmartLight™ 3** uses 100% LED lights with an 8-10 year life expectancy and Ice Shield Technology™ to prevent snow and ice build-up.
- **Chainless Hydraulic Cylinder Lifting System** greatly reduces bounce during transport and provides full float capability.

- **1/2" x 6" Cutting Edge** built using Hardox® wear plate to provide extended wear resistance and comes with built-in curb guards and patented snow catcher.
- **Patented Snow Catcher** in the center section is designed to catch snow at the plow's pivot point, so no snow lines are left behind.
- **Reinforced Moldboard** increases blade rigidity for increased durability.
- **Heavy-Duty Push Frame and Center Section** for additional strength and reliability.
- **High-Performance Hydraulic Package** delivers reliability and speed.
- **SmartLock® Cylinders** keep blade straight when backdragging.
- **Enclosed Hydraulics** protects against corrosion and hydraulic freeze-up.
- **Two-Year Limited Warranty** protects against material defects for peace of mind.

8'2" Poly XT – Also available in Steel

HARDOX®
WEAR PLATE

Hardox® cutting edge guarantees outstanding resistance to impact and extreme abrasion while delivering maximum service life and enhanced productivity.
