

## Who We Are

Casullo's Professional Upholstery is a division of Casullo's Automotive Service Inc. of Kenmore, NY (est. 1990). Our upholstery division has become our fastest growing and proudest achievement. We employ many of our areas last remaining highly skilled upholstery artisans, including the team from the former Amherst landmark Harold's Auto Tops & Upholstery as well as the staff from Professional Auto Glass & Upholstery, a Williamsville business of more than 30 years.

Whether you are in need of restoring the interior of a classic vehicle, re-covering your motorcycle seat or bringing life back to your worn boat seats, we do all this and more. We can add padding, and create custom trim covers for any kind of seating.

You name it-we will cover it. Some of our most loyal customers include local doctors offices, restaurants, bus companies, businesses, fire departments, theatres and others.

Our business was built on our commitment to providing our customers with the highest quality products and a level of service that is second-to-none. This commitment remains our highest priority to this day.

"You do an amazing job on our seating. Your service is remarkable and we really appreciate the fact that you do your work onsite and before we open for business and customers arrive. We look forward to a long term relationship."
